

2XX-USBA Option Card

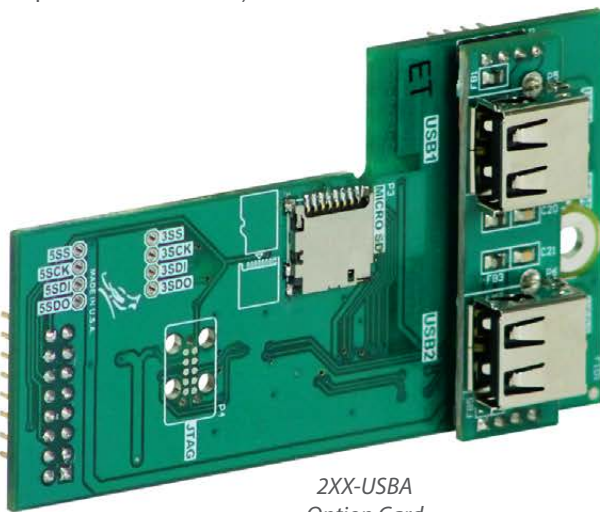

USB-A Ports for Cardinal 200 Series Indicators

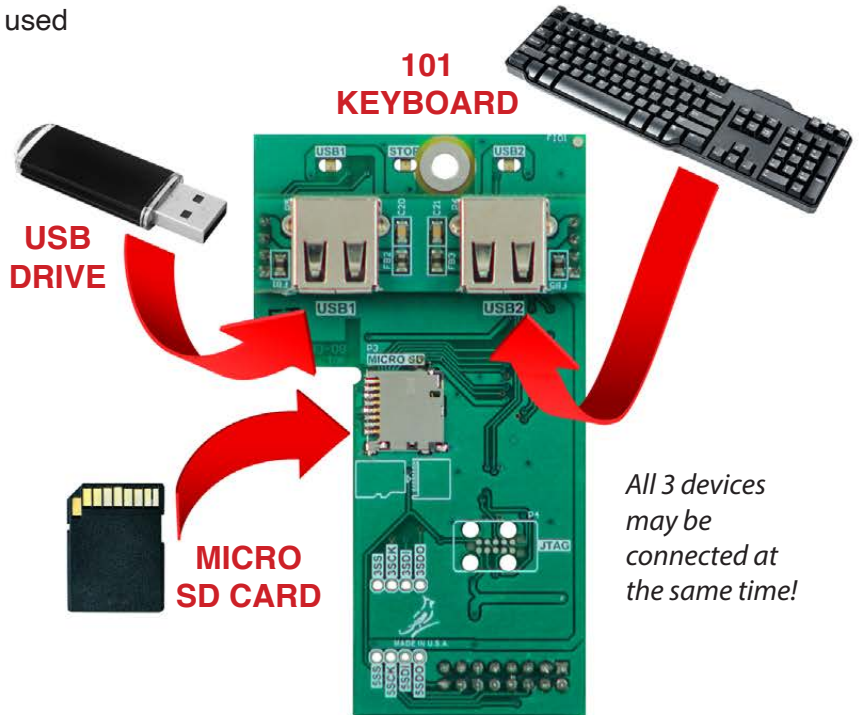

USB-A option card for Cardinal models 205, 210, 212G, and 225 indicators with **(2) USB-A ports** and **(1) micro SD port**.

Both USB ports and the micro SD port may all be used simultaneously. For instance, a USB drive may be recording transactions while the other USB port is connected to a keyboard at the same time that a micro SD card is storing IDs.

(Does not include SD card or portable USB drive)
