## APEX-AT SERIES

Industry-Leading NTEP  
Certified Athletic Scales

Portable Scales with Remote Indicator

Wrestling | MMA | Boxing | All Athletics Weighing

## NTEP Certified Precision Athletics Weighing

- 600 lb x 0.1 lb / 270 kg x 0.05 kg
- Spacious 17 x 17 in / 43 x 43 cm platform
- Remote indicator for versatile display placement
- NTEP certified for wrestling, MMA, boxing and jockey weigh-ins
- Wall-mount or desktop mounting bracket included on indicator
- 2-year manufacturer's warranty

### Weigh All Sizes of Athletes with Accuracy and Ease

These digital flat scales let the athlete weighing come to you, making them ideal for tournament directors and coaches!

### Suitable for Stationary or Mobile Use

The 6 ft/1.8 m long scale-to-indicator cable and mounting bracket allow you to position the display permanently on the wall or temporarily set it on a counter-top or the floor.

### Wireless Connectivity Available

-C Connected models include Wi-Fi/Bluetooth BLE for wireless connectivity with mobile apps (see models on page 4). The connectivity protocol is available upon request.

# Portable Digital Scale with Built-in Carrying Handle

## Optional Carrying Case for Tournaments

- 0.75 in / 19 mm high LCD weight readouts
- Body Mass Index (BMI) calculation
- 12 AA batteries (not included) and AC adapter included with all models
- Wi-Fi/Bluetooth available on -C connected models
- 6 easy-to-use buttons
- 6 ft / 2 m cable from scale base to indicator
- Lift-off platform cover for easy cleaning and access to batteries
- Portable with integral carrying handle
- Wall-mount or desktop mounting bracket included
- OneWeigh units locking into pounds or kilograms upon initialization

## All-in-One Digital Scale: Sleek, Compact, Functional, and Mobile

The platform's minimal height of only 2.75 inches / 7 centimeters makes it easy to step on and off.

The scale's structural base integrity is manufactured rock-solid for optimal safety and stability.

The smartphone style weight indicator features bold 0.75 in / 19 mm high back-lit blue readouts.

Optional carrying case available designed specifically for holding the APEX-AT scale.

The carrying handle, compact size, and minimal weight allow the APEX-AT to be easily transported.

The textured platform surface helps provide non-skid traction and user safety while weighing.

The platform cover may be removed to easily access the 12 AA batteries.

The indicator comes with (1) RS232 serial port and (1) micro USB-B port, plus Wi-Fi/Bluetooth is available on some models.
