- Eyelet bolt included to quickly attach hanging scales
- Ships UPS (3 pieces for easy assembly)

Two integral wheels for
convenient rolling
transport

DETECTO's free-standing hanging scale stand is easily accessible for customers to weigh their produce. This 72-inch-high portable stand with built-in wheels features a durable white powder-coated paint finish, tough steel construction, eyelet bolt to attach a hanging scale (scale sold separately), and a sturdy heavy-duty base. The HS-STAND is ideal for farmer's markets, grocery stores, produce stands, or even clinical autopsy weighing.

HANGING SCALE STAND

For use with foodservice or autopsy hanging scales with a 40-lb capacity or less, the HS-STAND portable scale stand serves as a solid, sturdy support for free-standing weighing. The 24-inch square base is just the right size to provide a stable tip-resistant platform, while also allowing customers to easily walk right up and place their produce in the scale's hanging pan for weighing. The stand allows the scale to comfortably hang above a work table or display case, but still remain within reach for convenient measurements. DETECTO manufactures a wide variety of both digital and dial scales compatible with the HS-STAND. Made in America.

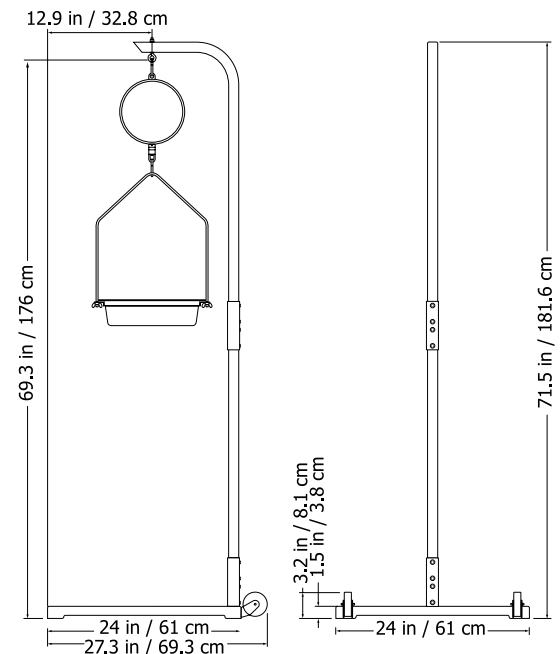

Compatible With These DETECTO Hanging Scale Models:

MCS-20/40 MCS-10KG/20KG Dial Scales	T3530 Large Dial Scale	HSDC-20/40 HSDC-20KG Digital Scales	SCS30 Solar-Powered Digital Scale
